Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. NOTES TO THE FINANCIAL STATEMENTS Year Ended December 31, 2020

NOTE 1 – NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

<u>Nature of Activities</u> – Turning Pointe Donkey Rescue, Inc. (the "Organization") is a Michigan not for profit organization operating in metropolitan Detroit. The Organization operates full service donkey and mule rescue, rehabilitation, and education. The Organization is supported primarily through donor contributions and adoption fees. The Organization uses the services of an independent fund raising services company to solicit funds through a direct mail campaign and to pay certain expenses.

<u>Basis of Accounting</u> - The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

<u>Use of Estimates</u> - The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expense during the reporting period. Accordingly, actual results could differ from those estimates.

<u>Cash</u> - For purposes of the statement of cash flows, cash is comprised of the Organization's cash in financial institutions. At various times throughout the year the Organization maintains a cash balance in excess of amounts insured by the Federal Depository Insurance Corporation. Management believes the risk associated with this concentration is minimal. At December 31, 2020 the Organization had no uninsured balances.

<u>Net Assets</u> - The Organization did not have any net assets with donor restrictions as of December 31, 2020.

<u>Property and Equipment</u> - Purchased equipment is carried at cost. Donated buildings, land and equipment are carried at their estimated fair value at the date of donation. The Organization has no property and equipment acquired with explicit restrictions.

<u>Depreciation</u> - Depreciation is computed using the straight-line method over the estimated useful life of the asset. The estimated useful lives are as follows:

Agricultural Buildings 20 years
Building 27.5 years
Equipment 5-7 years
Vehicle 5 years

Depreciation expense totaled \$18,543 for the year ended December 31, 2020.

NOTES TO THE FINANCIAL STATEMENTS Year Ended December 31, 2020

NOTE 1 – NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

<u>Impairment of Long-Lived Assets</u> - The Company reviews long-lived assets, including property and equipment, for impairment whenever events or changes in business circumstances indicate that the carrying amount of an asset may not be fully recoverable. An impairment loss would be recognized when the estimated future cash flows from the use of the asset are less than the carrying amount of that asset. To date, there have been no such losses.

<u>Contributions</u> - Contributions received are recorded as net assets with donor restrictions or net assets without donor restrictions depending on the existence and/or nature of any donor restrictions.

<u>Contributed Services</u> - No amounts have been reflected in the financial statements for donated services. The Organization generally pays for services requiring specific expertise. However, many individuals volunteer their time and perform a variety of tasks that assist the Organization however these services do not meet the criteria for recognition as contributed services.

<u>Cost Allocation</u> - The financial statements report certain categories of expenses that are attributable to more than one program or supporting function in the statement of functional expenses. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include professional fees, which are allocated on the basis of estimates of time and effort, as well as depreciation and occupancy, which are allocated on a square footage basis. List rental, legal, postage, and printing and copying are allocated based on invoices for costs incurred for fundraising, general management or program services.

<u>Income Taxes</u> - The Organization is a not-for-profit organization that is exempt from income taxes under Section 501 (c)(3) of the Internal Revenue Code and is classified by the Internal Revenue Service ("IRS") as a corporation. Management of the Organization believes that they have appropriate support for any tax positions taken, and as such, do not have any uncertain tax positions that are material to the financial statements.

NOTES TO THE FINANCIAL STATEMENTS Year Ended December 31, 2020

NOTE 2 – LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The Organization has a goal to maintain financial assets, which consist of cash on hand to meet 60 days of normal operating expenses, which are, on average, approximately \$61,000. The Organization has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. In addition, as part of its liquidity management, the Organization invests cash in excess of daily requirements in a savings account.

The Organization has financial assets available within one year of the balance sheet date to meet cash needs for program and general expenditures consisting of cash of \$221,727. Included in cash is \$134,156 held by the independent fundraising services company to pay direct mail campaign and certain other fundraising expenses and can be used to pay general operating expenses. The remaining financial assets are not subject to donor or other contractual restrictions that make them unavailable for general expenditure within one year of the balance sheet date.

NOTE 3 – CONTINGENCY

The Organization is subject to certain claims arising in the ordinary course of business. In the opinion of management, the disposition of these claims will not have a material adverse effect on the financial position, results of operations or cash flows of the Organization.

NOTE 4 – RELATED PARTY TRANSACTIONS

During 2020 the Board approved payment of compensation to the President and Treasurer. During the year ended December 31, 2020, the Organization paid the President and Treasurer compensation in the amount of \$44,902. This amount is included in officer wages in the accompanying Statement of Functional Expenses.

There were no board fees paid to board members.

NOTE 5 –RISKS AND UNCERTAINTY IN THE MARKET

Due to uncertainties in the global and national marketplace due to COVID-19 coronavirus ("COVID-19"), and the impact these uncertainties could have on the economy, there exists a risk of a negative impact to the Organization's financial results in the future. The Organization is actively monitoring and managing risk and there has been no adjustment to these financial statements as a result of this situation.
